2026 CAR SHOW HIGHLIGHTS (EXHIBIT 1 OF 3)

Members of Council 12696 held their annual Car Show on October 31, 2026. Though light rain was predicted, it held off for the most part making only a scattered appearance. This year's attendance was bolstered by many attendees in costume as it was also billed as a "trunk or treat" event. At top left is one of the road signs welcoming participants and visitors. Next, a variety of styles, colors, and ages added to the festivities that included food, beverages, and snacks as well as trophies for each category. At bottom left, the side-by-side red cars seem to be say "pick me" to the judges. Finally, the restored 1957 Bel Air is right at home in the southwest with its iconic two-tone Tropical Turquoise and Imperial Ivory paint combination.
