

## ***Mass Schedule Change Proposal***

**We are evaluating a change in the starting time for the Sunday 9:30 Mass. We are considering starting this Mass at 10AM in place of the existing 9:30 time.**

**This would allow additional time between the 2 Sunday masses for improved parking availability, especially the handicap parking spaces; more time between Masses for discussions with Fr. Richard, and allow time for preparation for Fr. Richard between the 2 Sunday Masses.**

**We would like your views and feedback in relation to this time change proposal. Please provide feedback to the parish office regarding this matter. We are considering this time change to start in early October.**
